### **Rochester, NY, December 15, 2020 - Greece Chamber Foundation Supports Rochester Regional Health Nursing Students**

The Greece Chamber Charitable Foundation Board of Directors recently awarded scholarships from the Foundation's Daniel E. Richardson Memorial Fund in support of three students of the Isabella Graham Hart School of Practical Nursing of Rochester Regional Health: Christine Seeger, Terrajah Nelson, and Shaniqua Williams. The Board of Directors are proud to be recognizing and extending the legacy of excellence in nursing that was such a central theme in Daniel Richardson's life.

"The Greece Chamber Charitable Foundation was established to support programs that prepare individuals for success in education and business. Through the Foundation's Daniel E. Richardson Memorial Fund we are pleased to provide scholarships to Christine Seeger, Terrajah Nelson, and Shaniqua Williams in the Isabella Graham Hart School of Practical Nursing and Rochester Regional Health System. These scholarships are consistent with the Foundation's objectives and will help these students pursue their careers in nursing, while filling critical needs in our healthcare system and community. Congratulations to Christine Seeger, Terrajah Nelson, and Shaniqua Williams".

"I was thrilled to learn of this new partnership between the Greece Chamber Charitable Foundation and the Isabella Graham Hart School of Practical Nursing. It is the first of its kind to provide financial support specifically for a student in the Greece area or Unity Hospital community. Greater support for our students means greater care for our community,"
