

From early adulthood thru senior citizenship, there is increasing awareness and discussion about the importance of end of life planning and how to implement these plans. End of life planning includes written and oral instructions regarding medical, funeral, and burial wishes in the event you are unable to speak for yourself.

The “FIVE WISHES “seminar presented by Mark Beland, key speaker for AVOW Hospice, explores these planning issues in depth. **Mr. Beland will be speaking on “THE FIVE WISHES at: UNITED CHURCH OF MARCO ISLAND on Thursday, February 21st from 10:00 am - 11:15 am in our Sunset Conference Room.**

The FIVE WISHES program has been recommended by many churches as a presentation vital to family’s members young and old alike. Pastor Mark has spoken to me about the many times surviving family have not been informed nor given instructions on end of life wishes for their parents, mates, or adult children. This adds more stress at a difficult time. **The free “FIVE WISHES” booklet that will be available at this event can advert these difficulties, as it becomes a legal “court ready” document that address your personal desires for your final arrangements.**

My husband and I have added the FIVE WISHES booklet to our living will arrangements! Please join us!
