

Hello,

I hope this message finds you well. We are excited to announce the launch of our new behavioral health provider portal, designed to streamline your experience and provide enhanced support to support your daily operations, such as sending prior authorization information. As part of this rollout, we are offering multiple training sessions to ensure that all providers are comfortable navigating the portal and making the most of its features. [Here is a link to the Registration Guide for Portal Access.](#)

We encourage you to register for the upcoming training at your earliest convenience. These sessions will cover key functionalities, answer your questions, and provide helpful tips to maximize the portal's benefits. Our goal is to make this transition as smooth and efficient as possible for everyone.

Thank you for your attention to this important update. We look forward to your participation in the training and to supporting you as you begin using the new portal. Please let us know if you have any questions or need assistance with registration.
