

DATA ANALYTICS PORTAL (DAP)

WHAT IS IT?

Provide primary-care medical physicians (PCMP) participating in the regional accountable entity (RAE) access to timely data, the DAP™ shares practice level data on the following topics:

- Key Performance Indicators (KPI's)
- Claims
- Attribution by provider and member
- Cost Summaries
- Gaps in Care Reports
- Predictive Risk Scores

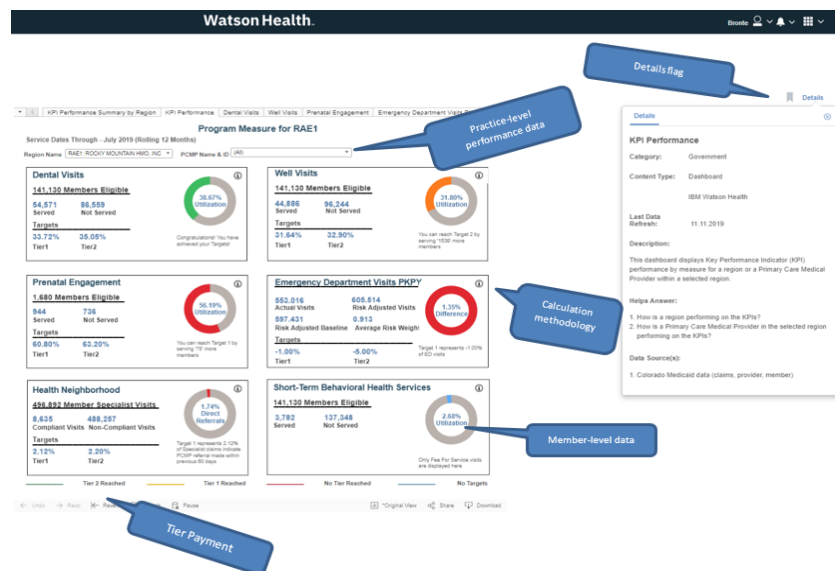

WHO CAN HAVE ACCESS TO IT?

Any participating primary care medical practice/provider (PCMP) in the ACC/RAE Region 1.

HOW DO I GET ACCESS TO IT?

Contact the RAE Network Relations Manager at RMHP, Nicole Konkoly (Nicole.konkoly@rmhp.org)

KPI PERFORMANCE DASHBOARD

HOW DOES MONITORING AND USING THIS DATA HELP MY PRACTICE?

- Closed gaps for patients = better health outcomes
- If RAE Region 1 performs at or better than the “Tier” Payments, then those dollars pass through to practices. RMHP disperses these dollars to practices based upon their RMHP RAE Tier. Your performance impacts the overall RAE Region performance which impacts the payments coming back to your practice.
