

Help Students with Stability and Food Security During School Breaks.

The holidays should be a time of joy, but for many of our students, school breaks also mean a break from the stability of daily meals provided at school. To help bridge this gap, Robyne's Nest is hosting its annual **School Break Food Drive** from **October 11 to December 2**.

Each year, local community organizations partner with us by hosting their own food drives, using our flyer to list the most-needed items. Once collected, donations are delivered to Robyne's Nest, where our team assembles food bags filled with nutritious essentials. These bags are then distributed to students, ensuring they have access to food not only for themselves but also for their families during the holiday season.

Your support makes all the difference. Whether you're an organization ready to host a food drive or a community member who wants to contribute, together we can ensure that no student goes hungry when school is out.

What's in a Student Food Bag?

During school breaks, Robyne's Nest provides food boxes to our at-risk and homeless students during school holiday breaks to ensure they have nutritious meals while school is out. Each bag supports one student, and we ask that all donations be in cans or plastic containers (no glass, please).
