**PACE Expands Services Through Partnership with Aspire Indiana Health**

*Collaboration Brings MACY Mobile Health Unit to PACE Monthly*

**INDIANAPOLIS** – Public Advocates in Community re-Entry (PACE), a nonprofit dedicated to supporting individuals and families impacted by justice involvement, is proud to announce a partnership with Aspire Indiana Health that has significantly expanded on-site health services for PACE clients, their families and the Indianapolis near northside neighborhood.

[Aspire's Mobile Access Care for You \(MACY\)](#) is a mobile health clinic designed to bring a wide range of physical and behavioral health services directly into underserved neighborhoods. MACY will be at PACE at 1314 N. Meridian Street in Indianapolis from **10 a.m. to 1 p.m.** on the following dates in 2025: **June 11, July 9, August 13, September 10, October 8, November 12, and December 10.**

Through this collaboration, individuals visiting PACE will have access to:

- - Health examinations for the whole family
- - Referrals to Aspire's services, including behavioral healthcare and substance use disorder treatment

"This partnership is a game-changer for the people we serve," said PACE Executive Director Rhiannon Edwards. "Many of our clients face significant barriers to accessing quality healthcare. Bringing MACY to our campus ensures they can receive vital services in a safe, familiar environment. We're excited to deepen our impact with Aspire's support."

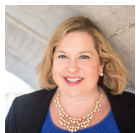

MACY is a state-of-the-art mobile clinic unit equipped to provide a range of primary care and behavioral health screenings, with a focus on reaching those who may otherwise go without care. Aspire Indiana Health has long been a leader in integrated healthcare, offering services that address both the physical and mental health needs of individuals and families.

"We are proud to partner with PACE to bring healthcare directly to where people are," said Dr. Holly Oh, Chief Medical Officer at Aspire Indiana Health. "MACY is about removing barriers to care-whether it's transportation, stigma or time. Together with PACE, we are meeting people where they are and connecting them to the support they need to thrive."

For more information about PACE, visit [www.paceindy.org](http://www.paceindy.org). For more information about Aspire Indiana Health and the MACY mobile clinic unit, visit [www.aspireindiana.org](http://www.aspireindiana.org).

###

*PACE is a 501(c)(3) charitable organization that provides a variety of services to currently and previously incarcerated individuals and their families to lead productive and responsible lives in their community. As the leading re-entry agency in the state of Indiana, PACE provides case management, recovery support, moral reconciliation therapy, workforce development, and more. More information about PACE can be found at [www.paceindy.org](http://www.paceindy.org), on [Facebook](#), [LinkedIn](#) and on Twitter [@PACEINDY](#) and Instagram [@pace\\_indy](#).*
