

SAPES Marketing Inc., a Canadian specialist in sublimated everyday promotional items, announces the launch of **KALOT**, a line of caps fully manufactured in Canada.

Launched March 15th, KALOT reflects a strong commitment to domestic production. These are not decorated imports — the caps are entirely constructed in Canada.

The line includes standard Dad and Trucker (TRK) styles, plus a custom sublimated series starting at 50 units. Our products are sold exclusively through Canadian distributors.
