

MAKE WAVES THIS APRIL WITH EARTH WASH® X OCEAN WISE

This Earth Day, ATC™ Earth Wash® is making waves by giving back. From April 1st–30th, 2026, **5% of eligible Earth Wash® sales** will be donated to Ocean Wise to help protect and restore Canada’s waterways.

Built with a process that avoids harmful chemicals and creates **zero water waste**, Earth Wash® delivers on cleaner colour and a more responsible approach to apparel manufacturing. This April, every order goes even further by supporting real environmental impact with no changes to how you order and **no cap on the total donation**.

For decorators, it’s the same reliable, print-friendly product you trust, now with an added impact to support our waters right here at home. A tee or fleece that not only looks good and prints clean but also contributes to something bigger. **Cleaner colour. Cleaner process. Cleaner Canadian waterways.**
