

# SAT Prep Camp

## August 7 - 8

Join us for a two-day crash course designed to help you prepare for the SAT test. Mr. Sutter will be conducting the Mathematics preparation, which will include strategies, practice, test taking tips, and general information about the SAT test. Mr. Love will be preparing students for the grammar, vocabulary, and essay sections, and will work on honing critical-thinking skills. Participants will be given an information packet one week prior to the camp for practice, and will have the opportunity to ask any questions they may have regarding the questions therein.

**WHO: ANYONE ENTERING  
GRADES 9-12**

---

**WHEN: AUGUST 7-8  
10 AM - NOON**

---
