

# November 12<sup>th</sup> Grade

## SAT

Fall testing is complete!

Your scores are posted by College Board, and you will receive an email from them when they are ready to be viewed.

The SAT will be given again in the Spring for all Juniors and any Seniors who would like one more chance to improve their scores.

Job well done students!

## Getting to Know Your Dean...

The holiday season is upon us. This is my favorite time of year because those I love the most gather with grateful hearts and yummy treats! I am eternally thankful for the love of God and His peace that surpasses all understanding. I rest in the assurance of knowing that He is my rock. He loves me perfectly and provides for my every need. May your Good God bless you this holiday season!

## Senior College Prep

It's TIME! Earn money for college! Follow the money link to find a list of scholarship opportunities for 12<sup>th</sup> grade students graduating in 2024!

## Senior Tip #3... Visit campuses, even if it's virtually

Are you one of the 42% of high school seniors who's visited a college or university campus? If so, congrats! You're on your way to making a fully informed decision about higher ed. Campuses vary widely across the country. Some schools have huge campuses with shuttle services, others might be small enough to cross in 10 minutes, and other schools might be integrated into city blocks. By taking an on-campus or virtual tour, you can explore dorm rooms, classrooms, the dining hall, and other key campus spots—and you'll be able to see if it feels like home away from home.

Another reason you might want to visit campus is for a college interview. Not all schools offer interviews, but when they do, they can help you learn more about the school—or help determine whether you might get accepted.
