

A note from Coach Boyer...

Looking for a school sport that will meet your student right where they are—no experience necessary? **Encourage them to play football!**

Every season brings new players who are joining for the first time, so students don't need to have played since they were 5 to start football now. All they need is curiosity and commitment. Coaches are ready to teach them step by step and help them thrive.

No matter their skill level, everyone is welcome on the football team.

Did you know spring sign-ups are underway? Reach out to our school's Athletic Director/ football coach, Steve Boyer s.boyer@mastersvb.org, and learn how your student can sign up to play!

Through this initiative, we aim to:

- 1. Promote the value of participating in football in middle school and high school.**
- 2. Improve the perception of football at the middle school and high school levels.**
- 3. Restore confidence that the sport is more focused on player protection than ever before.**

With your help, we can spread the word about the benefits of participating in high school football and celebrate this essential team sport for decades to come. No matter if you're a coach, administrator, state association representative, or even a fan, we can all help continue to increase participation numbers by promoting the above benefits to introduce more students—and their parent(s)/guardian(s)—to the game!
