ART IN THE FORM OF FILM FORREST GUMP / OCT 21

FRIDAY 5:45-9pm

Director Robert Zemeckis was one of the first to apply special-effects technology to successfully insert his title character into pivotal moments of late 20th century America. For its cleverness and gentle humor, this 1994 film endures as a soothing balm.

Tom Hanks portrays an innocent, special-needs teenager who, under the guidance of a fiercely protective mother (Sally Field), develops into a more than self-sufficient man. Woven throughout Forrest's many adventures is a sweet love story between him and Jenny (Robin Wright), his emotionally damaged childhood sweetheart who comes to realize what true love is. Instructor Paul Marino hosts the discussion. Sponsored by Chases on the Beach – Where It's Always Sunny. \$7 includes glass of wine or bottle of water
