

Room Three

Head Teacher – Debbie

Dear Parents,

Room Three are enjoying challenging themselves outdoors on the monkey bars and practicing skills like balancing and jumping with a variety of obstacle courses.

Dramatic play remains a big highlight, and we continue to encourage this interest by providing fresh set ups in the family area. The children loved the post office and supermarket area - the post box was **VERY** full with all the letters and postcards they had written to all their friends.

Currently we are enjoying having a Sushi Bar and a Pizza Parlour in our room. The children are able to choose between role-playing the service provider, chef or customer.

Room Three children also love to set up their own dramatic play and enjoy making props to support their play.

Dramatic play provides children with an opportunity in which they feel comfortable and safe in, to try out different roles.

Debbie
