

Let's Spread Positivity!

1. Create a Rainbow or Positive Message

Use whatever supplies you have to design a rainbow or a positive message to help people during these tough times.

3. Take a Picture & Share!

If you want, take a picture of your creation & share it on social media!

If you do, tag us and use #MassapequaLibraryCheer

2. Display Your Creation

Put your image in a window, on a door...anywhere people can see it to spread some cheer!

4. Need Community Service?

If you're a teen in grades 6-12, and need community service credit, email pictures of your work on display to Lzuenam@massapequalibrary.org & we'll send you a certificate for one hour of service per entry. You can get service hours for up to three entries!
