

Roto North America

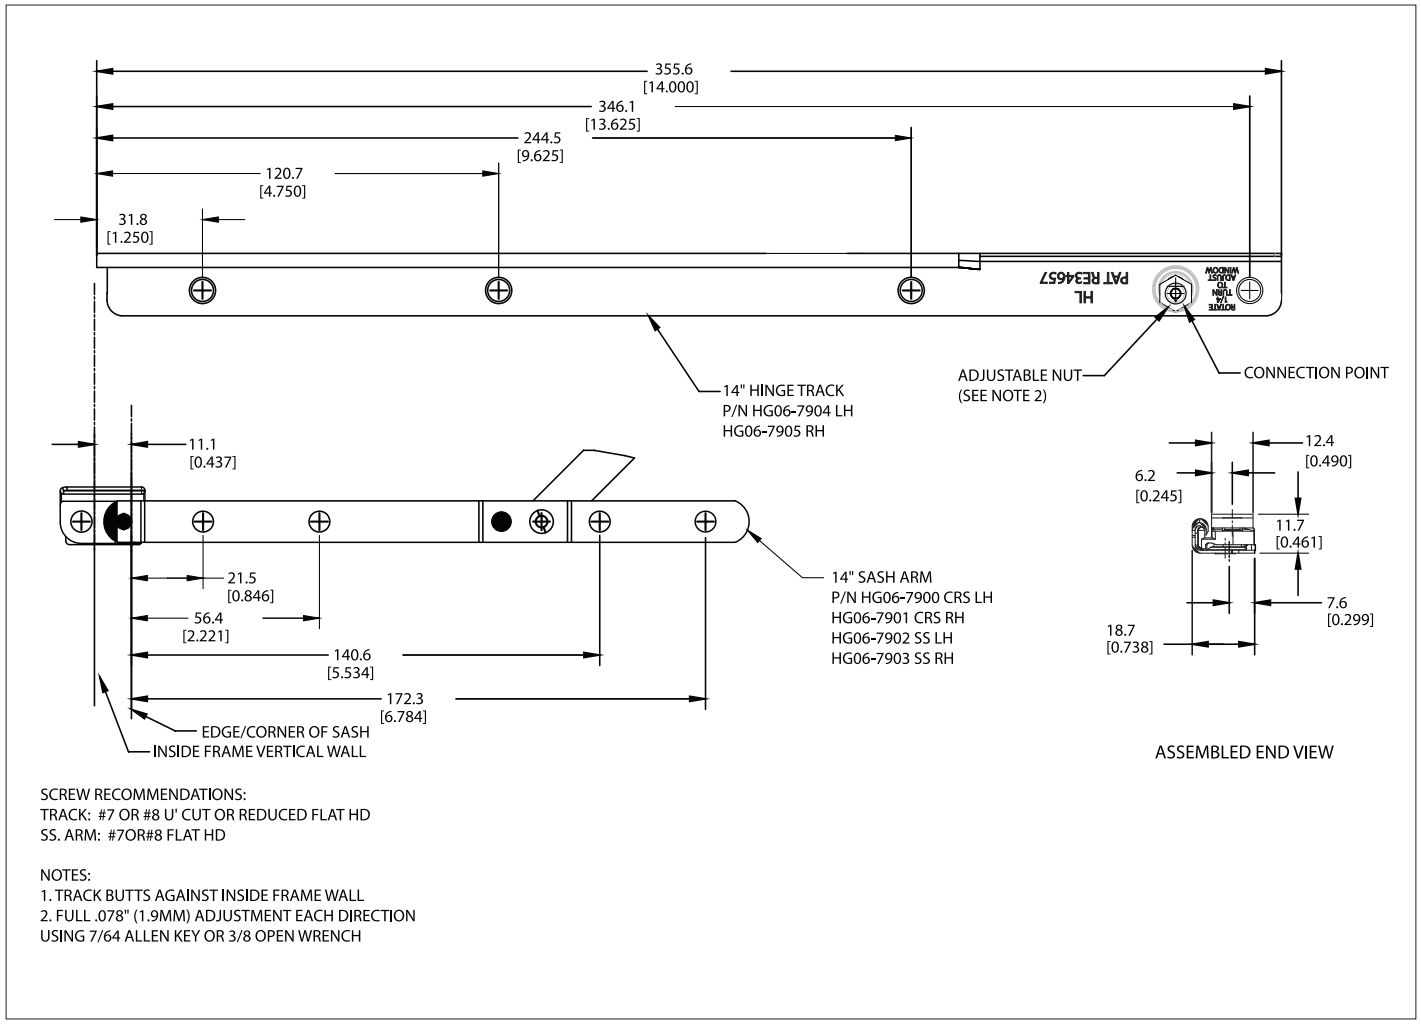

Excellence in Window & Door Hardware

HG06 High Performance Hinge

- Premium hinge (14" variant) accommodates sashes up to 150 lbs (Refer to the Roto Hardware Application Matrix for details.)
- Fits common $\frac{7}{16}$ " cavity available in most windows
- Suitable for wood, vinyl, aluminum, and fiberglass profiles
- Available in 300 series stainless steel and powder coat versions
- Flared track entrance promotes easy sash assembly
- Low friction materials in track and shoe allows sash to glide smoothly and efficiently
