

Celebrating 50 Years

EXPERIENCE | INNOVATION | INTEGRITY

CEMCO®: Revolutionizing the Construction Industry with Quality and Innovation

CEMCO, a renowned manufacturer of steel framing and metal lath systems, has been at the forefront of the construction industry for over 50 years. With a commitment to quality, innovation, and customer satisfaction, CEMCO has established itself as a trusted name in the market.

CEMCO offers a comprehensive range of construction products, including cold-formed steel framing, metal lath and plastering accessories, and firestopping solutions. Their products are manufactured using mill-certified hot-dipped galvanized steel, ensuring durability and compliance with industry standards.

Equipped with cutting-edge roll formers and strategically located manufacturing facilities across the United States, CEMCO excels in supplying both small and large construction projects. Their state-of-the-art equipment enables efficient production and ensures consistent quality across all their products.

CEMCO's commitment to research and development has led to groundbreaking innovations that save time and money for architects, engineers, developers, and installers. Their recent developments, such as RC1-XD™ for sound abatement and Sure-Board® for Shear with non-combustible solutions, have revolutionized construction practices.

CEMCO's leadership in the industry is evident through their active involvement in various industry associations, including the Steel Framing Industry Association (SFIA) and the American Society of Testing and Materials (ASTM).

Their team of engineers, drafters, and technicians, supported by an in-house IAS accredited testing laboratory, ensures that all products meet or exceed ASTM, ICC, and UL standards.

CEMCO's success can be attributed to their unwavering commitment to customer service and support. Their experienced sales professionals provide personalized assistance, ensuring that customers find the right solutions for their specific needs. CEMCO's dedication to customer satisfaction has earned them a loyal customer base.

With their recent acquisition by JFE Shoji America Holdings, Inc., CEMCO is poised for further growth and expansion. They continue to seek opportunities to provide safer, more productive, and easier-to-use solutions to the construction industry. CEMCO's vision for the next 50 years is to maintain their leadership position and continue delivering high-quality products and exceptional service.

CEMCO's 50-year journey as a leading manufacturer in the construction industry is a testament to their commitment to excellence. With a wide range of top-quality products, state-of-the-art facilities, and a customer-centric approach, CEMCO continues to shape the industry through innovation and reliability. As the construction industry evolves, CEMCO remains at the forefront, providing solutions that meet the needs of architects, engineers, developers, and installers. **For more information, contact your local CEMCO sales professional TODAY!**
