

# **THE JUBILEE WAY**

**A VIRTUAL TOUR AROUND  
THE DIOCESE OF THE CENTRAL GULF COAST**

**EXERCISE YOUR BODY or EXERCISE YOUR MIND**

**and**

**RAISE MONEY FOR BECKWITH**

**and**

**YOUR PARISH/MISSION!**

## **WHY ARE WE HOSTING THIS?**

- Our world, along with our Jubilee Year, has been disrupted by COVID-19.
- There has never been a better time to reconnect with yourself, with friends, with family, and even with your parish/mission and diocese families.
- We can take this time to nourish our minds, bodies, and souls as we participate in activities that will take us virtually around the Diocese and give us a glimpse of each parish/mission along the way!

## **WHAT IS IT?**

A 546-ish mile virtual mission around the Diocese.

## **REGISTRATION OPTIONS**

\$50\* per participant - receive a very cool mission t-shirt, virtual access to the mission website/app, and virtual postcards from every parish/mission.

Children may participate as part of a family member's mission, with their miles awarded through their sponsor parent(s). They may also purchase t-shirts for \$15.

\*Proceeds benefit Beckwith, the parish/mission with the largest percentage of their active congregants participating, and your Mission Host, St. Simon's on the Sound.

## **WHEN IS IT?**

Mission Launch: Saturday, September 26 in conjunction with Baylights continue

Mission Ends: Saturday, February 27, 2021 at Convention.

## **CAN I REGISTER WITH FRIENDS?**

Yes! You can register to complete the mission solo or as a team of 2, 3, or 4 people (each participant over 21 must register individually). Children participating with their parent(s) will count their activities as part of their parent(s) miles.

## **HOW DO I TRAVEL AROUND THE DIOCESE?**

This is a virtual event so your activities are uploaded to the site to see your progress. There is also a free app where you can log your progress.

After registering, participants will be given access to a website/app that will record their daily progress to update a progress map (with Street View for an up-close look). Data can be entered manually or by linking to your fitness account. You can even attach pictures and leave comments.

**Don't just log distance, show us how you did it!**

This intergenerational virtual event is set up to accommodate your lifestyle!

- **Walking**
- **running**
- **cycling**
- **swimming**

Whatever you love to do can be converted into miles. You're not committed to just one activity – mix it up any way you'd like! Some participants may enjoy activities like
