

# STEM SCHOLARSHIP IN RAPIL

Regents Alternative Pathway to Iowa Licensure

**RAPIL program and scholarship applications are due**

**May 1, 2022**

**[www.iowaTeacherIntern.org](http://www.iowaTeacherIntern.org)**

## ABOUT THE SCHOLARSHIP:

The **Regents Alternative Pathway to Intern Licensure (RAPIL) Scholarship for STEM Professionals** is a **\$3,600 per semester** scholarship that is renewable for up to four semesters. It is offered by the Iowa Governor's STEM Advisory Council to those interested in teaching in STEM fields in Iowa schools.

The **RAPIL Program** is an efficient, primarily online teaching pathway for working professionals to bring their talents and expertise to the classroom.

## PROGRAM BENEFITS:

- Classes are taken one at a time and designed to work with your schedule. No need to quit your day job!
- The second year of the program allows you to work as a salaried teacher in a secondary classroom in Iowa with school-based mentorship.
- An opportunity to positively impact Iowa youth as they learn STEM-based knowledge and skills.

## SCHOLARSHIP REQUIREMENTS:

- Applied and accepted for the RAPIL program.
- Pursuing licensure in one of the following fields: Agriculture, Computer Science and Technology, Engineering, Family Consumer Science, Health, Industrial Technology, Mathematics, Science (biology, chemistry, physics, earth science, general science, physical science), or STEM.
- Intend to teach in Iowa upon program completion.
