Help Ratify the ERA!

We only need one more state and both Virginia and Arizona are fighting to be the one.

WE can do this and get women in the Constitution ... finally! With your help, we can get the ERA ratified in 2020. Here's what you can do.

First, you can take the attached [Pledge Letter](#) to local businesses that you frequent and ask them to support the ERA by signing the pledge and displaying one of our signs. Once you send me the pledge letter, I will send you the sign. Or you can do phone banking for Virginia. Use this [LINK](#) to learn how you can make this happen.

Thank you for your commitment to making the lives of women and families better!

If you have questions you can reach me at ccbpw@aol.com
