

## **SOCIAL MEDIA**

**Alejandra Dash** [info@ncjwaz.org](mailto:info@ncjwaz.org)

There are lots of things are going on right now in social media. Our reach has expanded to about 3700 people on [Facebook](#) because we are posting about the issues and events you care about. At our last general meeting, [Gun Violence Prevention in Arizona: What's Ahead for 2020](#), we had almost 100 attendees and a number of people said that they saw our event on social media. Check out our recent actions at Senator McSally's office, hear Civia Tamarkin speak at [Reclaim The Court](#) and SPA Carol Consalvo's talk at [A Spiritual and Moral Awakening](#). They are really getting traction online. Some of our most popular posts on our Facebook page were about the [recent space walk](#), [antisemitism](#), and [investigating Brett Kavanaugh](#). Our [Twitter](#) and [Instagram](#) feeds also have similar posts and shares from partner organizations. Be sure to scroll on over. Thanks for your continued support!
