## Benefits

- Exchange knowledge, resources, and ideas about trauma informed care
- Build relationships with colleagues across various disciplines in the organization
- Support each other in trauma informed evidence-based practices
- Problem solve issues from the field
- Strengthen policy and practice around trauma informed care in the organization
- Engage in an innovative professional development experience

Communities of practice are "groups of people who share a concern or passion for something they do and learn how to do it better as they interact regularly."

-Etienne Wengner
