

Farm Families Coping with Dementia (FFCD)

A Research Study

Do you have a relative with dementia who lives or works in a farming community?

*You may be eligible for **Farm Families Coping with Dementia (FFCD)***

FFCD is a free, online educational series designed to support caregivers of agricultural persons who exhibit signs and symptoms of dementia

Over **four weekly sessions**, learn about:

- Dementia Basics
- Farm Safety and Dementia
- Improving Safety with Dementia
- Caregiving and Communication

Interested?

To register, call (319)-384-3817 to complete a brief eligibility survey.
