## **QUALIFICATION**

**SUMMARY:** Six years of military graduating in the top 10% of the air force basic training and awarded Military Honor Graduate ribbon. Four years' experience in Jet Engine Intermediate Maintenance including, but not limited to: extensive troubleshooting, repair, teardown, build-up, and testing of three different Jet engines as well as 14 types of Aircraft ground equipment. One year experience in military precision drill and courtesies as Air Force honor-guard, performing over 75 funerals for military veterans; attaining valuable experience in public relations. I spent two and one half years as a Non-Commissioned Officer developing unmatched experience in subordinate supervision. During my time deployed to Afghanistan, I developed a keen ability to make sound decisions in a timely manner under high stress with lives on the line. Military experience has given me an unfaltering attention to detail, as well as determination, loyalty, integrity and an ability to handle high stress environments without damage to quality of work.

**Qualified as:** Jet engine mechanic. Crane 15 ton wheel operation and supervision. Aircraft towing and supervision. First aid. Customer service and sales, as well as general supervision and management. High experience in product waste elimination.

## **AREAS OF**

**EXPERTISE:**

Aerospace Propulsion Maintenance	Safety Training	
Leadership and Ancillary Training	Survival Skills Training	
Subordinate Performance Reviews	Performing Extensive First Aid	
RF Radiation Safety	15-Ton Crane Operation	
	Hazardous Material Handling	Aircraft towing and Marshaling
Maintenance Resource Management	AFSO 21	
Electrical, Hydraulic Pneumatic systems		

## **EXPERIENCE: Staff Sergeant Aerospace Propulsion Craftsman, U.S. Air Force Mar06-Mar12**

- Key contributor in the Air Force Smart Operations for 21<sup>st</sup> Century (AFSO 21), resulting in Military wide manning and equipment management policies reducing government costs 24%.
- Followed technical data and specifications, to spearhead planning and execution of corrective maintenance on 11 Cv-22 aircraft and 28 C-130 Aircraft for Air Force Special Operations.
- Attained rank of Staff Sergeant, resulting in Supervision of all enlisted members in unit with rank of E-4 and below.
- Awarded NATO Service Medal, Afghanistan Campaign Medal, as well as 12 other ribbons and commendations, as well as, Airman of the month award three times.
- Instrumental part of preventative maintenance checks performed on 39 war-ready aircraft, ensuring 100% mission essential capabilities for OPERATION ENDURING FREEDOM.
- Meticulously supervised a crew of six other skilled technicians in daily operations to include instruction, discipline, and work inspection led to increased production, incident-free maintenance for over two years, and peak unit morale.
- Chosen to be the only Airman on Little Rock Air Force Base to become Ancillary training instructor, resulting in 100% world-wide qualifications of over 2,500 military members in First-aid, CPR, Maintenance Resource Management, and Foreign Object Debris Prevention Program.
