

Mr. Daniel de los Reyes
Principal

Ms. Aida Flores
Assistant Principal

Dear Parents and Guardians,

I want to inform you about a recent development concerning our after-school programs at Darwin Elementary.

Over the summer, we were notified by Columbia Arts After School Program that they will no longer be able to continue offering their after-school programs with us, as they have decided to dissolve their programs with all Chicago Public Schools. While this news comes as a disappointment, rest assured that Chicago Public Schools and Darwin Elementary are committed to ensuring that high-quality after-school programs will still be available for our students during this academic year.

The district has supported us through this transition by providing funding to create after school programming based on the needs and interests of our students. We are actively working to identify alternative after-school programs that will continue to provide opportunities for our students to explore their interests, learn new skills, and have fun outside of the classroom.

For detailed information about the after-school programs that will be available this academic year, we kindly ask you to refer to the Principal's Bulletin. This bulletin will outline the various programs, registration procedures, schedules, and any other important details you need to know regarding fall after school programming.

We remain dedicated to the well-rounded development of our students and will do everything in our power to ensure that they have access to enriching and enjoyable after-school opportunities.

Thank you for your continued support, and we look forward to working together to make this academic year a successful and rewarding one for our students.

Sincerely,

Principal de los Reyes
Darwin Elementary
