

Letter from Larry Helminiak, SCBA Board member and Government Affairs Chairperson
July 2018

The Primary election ended on June 26th. Seems like primary voting has lasted forever, even though it was only 8 or 9 days. Frankly, I can't understand why the primary election was moved from September to June. It's unfair to anyone running in a primary. When the primary was in September, candidates had all summer to knock on doors or greet voters at fire carnivals. I hope it goes back to September.

For those who have not noticed, Maryland has moved from the 46th state in business friendly to to the 2nd in business friendly. Whomever you support, make sure you, your family, and your friends vote in November.
