Franklin Electric

VERSABOOST™ PRO

All-In-One Constant Pressure Boosting System

NEXT LEVEL PRESSURE BOOSTING

FEATURES & BENEFITS

CONSISTENT WATER PRESSURE BACKED BY PROVEN PERFORMANCE
Built on the trusted quality of Franklin Electric, VersaBoost Pro delivers reliable, constant water pressure through a powerful solution that combines a fully encapsulated 4-inch submersible motor, a precision-engineered variable speed drive, and an internal expansion tank.

INSTALLATION VERSATILITY
Rotatable top cover with integrated display assures easy access for multi-directional, front or rear plumbing applications.

GET UP AND RUNNING WITH EASY-TO-NAVIGATE SETUP
Rapidly launch the setup assistant right from the LCD menu or your mobile device using the FE Connect® app.

DESIGNED TO ADAPT TO YOUR EVERY NEED, ANYWHERE
Compact design and NEMA 3R rating make it suitable for installation both indoors and outdoors.

QUIET OPERATION
Noise levels as low as 45 dB make it ideal for comfortable household use.

MAINTENANCE IS EFFORTLESS AND STRESS-FREE
Removable top, front and rear covers provide easy access to all components without disrupting the plumbing.
