

Omni Hotels & Resorts Named as Flag for New Hotel at Viking Lakes

MV Eagan Ventures alongside partners Ecolab; Mark, Mitch & Marty Davis (the Davis Family of Cambria); and Viking Lakes Hotel Physician Partners join ownership forces with Dallas-based Omni Hotels & Resorts on new Omni Viking Lakes Hotel

EAGAN, MINN. (July 17, 2019) – [Omni Hotels & Resorts](#) announced today its newest hotel with **Omni Viking Lakes Hotel**, a four-star, full-service hotel located in the Viking Lakes development in Eagan, Minnesota. Omni joins MV Eagan Ventures; Ecolab; the Davis Family of Cambria; and Viking Lakes Hotel Physician Partners as ownership partners of MVE Hotel, LLC.

“Omni Hotels & Resorts is growing at a rapid pace over the next few years and our expansion into Minnesota with Omni Viking Lakes Hotel is an important next step in the strategic development of our brand,” said Peter Strebel, president of Omni Hotels & Resorts. “This project will be a true collaboration that reflects the American Nordic local color offering travelers a one-of-a-kind experience.”

Design & Décor

The hotel design, led by ESG Architecture & Design, draws upon Nordic architectural traditions and features elements inspired by the American Nordic landscapes of the North and the dynamic and unpredictable character of its climate and seasons. Awe-inspiring occurrences, such as the northern lights, combined with feelings of comfort, well-being and refuge inspire many of the forms, finishes and features within the hotel. Clean lines, neutral color palettes and simple, but deliberate design elements will be showcased throughout the guest rooms and public spaces.

“Omni is known for incorporating local flavor and color from each destination into our hotels,” said Laura McKoy, creative director + vice president of interior design of Omni Hotels & Resorts. “ESG did an amazing job at capturing the Nordic design elements in this hotel and we knew immediately at the onset of the partnership it would fit perfectly within our portfolio.”
