

Bridging the Skills Gap: Industry Experience for Educators

Empower Teachers, Inspire Students, Shape the Future Workforce

Are you a business leader looking to make a lasting impact on education and future talent? Join our innovative program that brings teachers into your workplace for immersive, hands-on experiences and demonstrate real-world applications of classroom concepts.

Why Participate

Showcase Innovative Practices

- Bridge the skills gap between business and education by showcasing tools, processes, and problem-solving methods.
- Collaborate with educators to spark new ideas and approaches to both business and teaching practices.

Workforce & Talent Development

- Play a role in creating a skilled, career-ready, future-ready workforce.
- Engage with teachers and provide access & opportunities to future talent pipeline.

Knowledge Transfer & Application

- Engage in discussions on how to transfer these experiences to the classroom.
- Help shape classroom lessons that prepare students for future careers.

How it Works
