

After School Pick Up Area

We continue to work on keeping students safe. This pertains to before school, during school, and on the way home from school. Below you will find some reminders about the After School Drop-Off Area.

To maximize the safety of all students when they are picked up at the end of the day we are asking you to follow these at these guidelines:

- **Form TWO lanes of traffic as you enter.** Keep pulling forward as space becomes available. Vehicles are to keep moving up in a double line. As you come to the curve, zipper merge into a single line. We will use a single line to load students once vehicles have merged.
- Have your JES Student Pick Up sign ready in the passenger window so staff members can quickly radio to get your child ready to be picked up.
- As soon as your child is picked up, you should be able to leave your spot so others can move up.
- Please load as quickly as possible. (Remember there are cars waiting behind you).
- **Do NOT** leave your car unattended in the pick-up area.
- Students will not be allowed to cross into the parking lot unattended.
- **NO PARKING is allowed except in the Parking Lot. If you need to leave your vehicle, please park in the parking lot.** Do NOT park on the far west side of the parking lot. Vehicles need to continue to be able to exit from the Pick-Up line and we need to keep the area safe for everyone.
- As with most parking lots, they are not designed for the increased amount of traffic we've seen. Carpooling, using bus transportation if available, or walking with a buddy to school are all options.
- We appreciate your full cooperation to this matter in keeping all students safe.
- Staff members will be out in the p.m. to help direct parent traffic. Please cooperate with their requests to keep children safe.

THANK YOU FOR YOUR COOPERATION IN THIS MATTER
