Steps for creating the Superhero board:

1. Cover bulletin board with Fadeless® Designs Chic Chevron - Aqua.

2. Create buildings by attaching Tru-Ray® Construction Paper sheets to the board. First attach Black for the buildings in the back, then Gray for the buildings in the front. For the windows on the buildings, cut Yellow Construction Paper into 1" x 2" and 2" x 2" sqaures and attach to the Gray and Black buildings.

3. Create the border by cutting Brite Green ArtKraft® into 4" strips. Accordion fold and scrunch up the 4" strips to give it dimension and texture. Staple these strips along the outside edges of the bulletin board.

4. For the word bursts (i.e. Care, Be Diligent) first create seven Yellow fan 'bursts'. Do this by cutting the Canary ArtKraft® into 6" x 42" strips Accordion fold the strips into 1" folds. When the entire strip is folded, form into a circle and secure with tape or staple edges together. Print and cut out word templates and attach to Yellow Fans. Attach finished 'bursts' to the bulletin board with staples or T-Pins.

5. Download the Superheroes templates and print. Have students decorate their superhero bodies. Attach a photo of the student's face to their superhero body. Attach each student's superhero to the bulletin board.

6. Use Self-Adhesive letters for the title "Discover your inner Superhero!".

Options: Many Fadeless® Designs would work well for the background on this board, including Night Sky (PAC56228), Clouds (PAC56468), Wispy Clouds (PAC56935), Summer Horizon (PAC56928) and Classic Dots - Aqua (PAC57428).
