

***Celebrating 10 years of
Breast-A-Ville:
Share your breast cancer stories***

On October 7, 2020 Millersville University will hold the 10th annual Breast-A-Ville event on the promenade outside of the SMC. Since the inaugural year in 2011, Breast-A-Ville has engaged students and the Millersville community in informative and fun activities to increase awareness about breast health and breast cancer. Local health agencies and experts come from the surrounding area to serve as exhibitors at the event. Participants have the chance to engage in hands-on activities and games and take home prizes as well as important health information.

We want to hear from you!! Do you have a story to share of how Breast Cancer has impacted your life or family? As part of our 10th anniversary Breast-A-Ville event, we will be putting together a display of pictures and stories collected from our alumni, staff, and community members. This display will be a central part of our 10th anniversary event on campus on October 7th and will also be shared at the Ware Center during October's First Friday "Pink Out" on October 2nd. Please contact Samantha Cuascut at Samantha.Cuascut@millersville.edu or 717-871-4287 if you are willing to participate. The deadline to submit your stories is July 3, 2020.

Breast-A-Ville is presented by Millersville University's Breast Health Initiative, a collaboration with "Diana's Dreamers: Determined to Defeat Breast Cancer", an endowment established by Dr. Dennis Denenberg in loving memory of his late sister, Diana Denenberg Durand, who courageously battled breast cancer for 18 years.
