

Beyond Basics

Program & Services

ABOUT

For more than a decade, Beyond Basics has worked alongside Michigan schools to implement a **data-driven literacy solution for K-12 students**. In an average of six weeks, our students achieve grade level movement, essential for success not only in the classroom, but in life.

PROGRAM

Partner schools identify students to be assessed by a Beyond Basics certified teacher who provides each student with an individualized learning plan. Trained tutors build relationships with students to deliver each plan using **one of our four literacy programs**:

Our programs work intensively with children five days per week, an hour each day. Working one-on-one or in a small group with a dedicated, trained tutor, students learn the foundational skills to decode words, read fluently, and deepen comprehension. Our multisensory program is developmentally appropriate and includes dynamic fine arts and writing activities that cultivate curiosity and a love of lifelong learning. Students unlock the power of reading with the skills to thrive and take part in all that life has to offer.

EANS II

Contact Katie Nienstedt at Beyond Basics to use EANS II funds for our services:
nienstedt@beyondbasics.org.

PRICING

The typical cost of services ranges from \$500 to \$3500 per student based on individual need.

Emergency Assistance in Non-Public Schools (EANS)

**EANS II FUNDS?
PARTNER WITH
BEYOND BASICS**

DID YOU KNOW?

EANS funds are intended to support:

- Continuing instruction
- Learning loss recovery

How to access/participate:

- Non-public schools will receive communication from the State Educational Agency (SEA)
- The SEA determines the EANS allocation
- Michigan Department of Education (MDE) will distribute the application to schools eligible to receive an EANS II grant
- MDE has 30 days to approve or deny application

IS MY SCHOOL ELIGIBLE?

To access EANS II funds, you must:

- Be a nonprofit organization
- Be accredited, licensed or otherwise operate in accordance with State law
- Have been established before March 13, 2020
- Have not applied for and received a PPP loan on or after 12/27/2020
- Meet the 20% MDE/USDE low-income requirement

EANS FUNDS MAY BE USED TO

- Redevelop instructional plans to address learning loss
- Fund support services for remote / hybrid learning to address learning loss

BEYOND BASICS PROVIDES LEARNING LOSS SERVICES!

APPLICATION INFORMATION

- Schools that did not apply for EANS I and meet the 20% low-income requirement can still apply for EANS II funding
- EANS funds may be used for the authorized purposes through September 30, 2024
- Funds must be used for future services or items, not for reimbursement

ABOUT BEYOND BASICS

Beyond Basics is a 501c3 nonprofit that works to achieve literacy for everyone through an intensive, one-on-one tutoring program. Beyond Basics' data-driven, multisensory, structured literacy interventions **help students achieve grade-level movement in an average of six weeks.** We are on the **ClassWallet** distribution list.
