

Dear Senator Blumenthal,

As a constituent, I write to express my strong support of the Deferred Action for Childhood Arrivals (DACA) program and the Dreamers. I firmly believe in protecting the dignity of every human person, especially that of children. With the ending of DACA, approximately 800,000 individuals face the reality of deportation when their DACA expires.

These people are contributors to our economy, veterans of our military, academic standouts in our universities, and leaders in our church and communities. DACA has ensured that recipients are able to live their lives free from the anxiety that they would be deported at any time to a country they do not know and separated from their families. The Trump Administration is now ending DACA in March 2018, but immigrant youth deserve continued protection and a path to citizenship.

As you work towards this goal, I ask you to ensure that any border security measures included in such legislation are balanced, proportional, and humane. In addition, I ask you to recognize the sanctity of families and vulnerability of unaccompanied immigrant children. As such, I urge you to reject any proposals that threaten family-based immigration or seek to undermine protections for unaccompanied children.

I urge you to:

- To find a bipartisan solution for Dreamers that includes a path to citizenship
- Recognize the sanctity of families
- Maintain protections for unaccompanied children
- Continue to work towards larger legislative reform of our immigration laws

Sincerely,
