

USNH Social Cinema & Gun Violence Prevention Task Force Present...

Guns Don't Kill People, People Kill People

A book discussion about debunking the lethal logic behind the pervasive myths that have framed the gun control debate.

Dennis Henigan exposes the mythology and misguided thinking at the core of these pro-gun catchphrases, which continue to have an outsized influence on public attitudes toward guns and gun control. He counters the gun lobby's messages by weaving together the most compelling current research and insights drawn from the grim reality of deadly gunfire in our homes and communities.
