Proposed Neighborhood Bikeway on Kearney

Through the Elevate Denver Bond program, the City and County of Denver is planning to improve how people travel by bike, by bus, by car, and on foot along Kearney Street.

We invite you to attend our upcoming virtual community meeting to hear from the project team on what proposed changes are being considered based on community feedback collected to date. Please take our concept design survey and attend our community meeting to hear updates and share your thoughts regarding project schedules and next steps.
