FAQs about GHNO Grandparent Days

-**What is the deadline to register?**
• Noon, the day before your event will be the absolute hard deadline, due to the behind-the-scenes work that goes on to ensure a smooth morning, we cannot extend this time/date.

-**My child does not have a grandparent in-town? Can I come? Will they be upset?**
• We have been doing this for 11 years now, many of our families do not have in-town grandparents, the kids who do not have grandparent(s) visiting get to do a fun and special activity in class while the students are gone. I have seen children be more upset by grandparents not showing up, **so if you have a change of plans please email us**. This is not a parent event, this is specifically for grandparents, parents have multiple opportunities to visit, we ask this be a special day for our grandparents.

-**Can both sets of Grandparents Come?**
• No, sadly as you are very aware of, space and parking is not something we have a lot of. We ask that only 2 guests come per student.

-Our Grandparents are in walkers, wheelchairs, etc.
• GHNO is completely handicapped accessible. We will do our best to accommodate them in all ways possible.

-**I have a 1st grader and a 5th grader, can I pull one of them out on the wrong day?**
• Sadly, we cannot accommodate these types of requests. We have a set schedule and cannot disrupt other grades who are not participating in the day.

-If I did not register online can the Grandparents come?
• Please do not send grandparents who have not registered. It is very hard to accommodate them on the day of, and it makes for a very uncomfortable process. We also ask people to register so we know how much seating, food, and which kids we need.
