OUR KIDZ NEED YOU MORE THAN EVER!

**Thank you for your years of coming out to play!
Can we still count on your support this year?**

To our loyal golfers,

While many of our favorite activities, like this annual Golf Tournament, have been cancelled, Kidz2Leaders is dedicated to delivering our key programs during this critical time of need.

The already challenging lives of our kids have been disrupted in ways no one could imagine - no school, no interaction with friends, no certainty of food, shelter, or other basic needs being met. K2L staff is working remotely and diligently to continue services, creating layers of contingency plans for our remaining 2020 activities. We will do whatever it takes!

So, how can you help?

The spring and summer seasons require our greatest financial outlay as we work to deliver our largest programs. The timing of our annual Golf Tournament is intentional, as it provides a significant portion of the funding necessary to accomplish this. If that were not the case, we would simply move the tournament to another date.

Our **goal of \$30,000** in net proceeds for this event needs to be fulfilled in some way. If you are able to contribute as you may have previously intended, all proceeds will be fully tax deductible -- no greens fees or food and beverage costs to cover!

There are two ways to participate:

- Donate your "foursome" for \$1,300 or an individual registration for \$325
- Sponsor summer programming rather than sponsoring the tournament:
 - \$10,000, \$7,500, \$5,000, \$2,500 or \$500

Click here to donate via our Web site, and please comment "golf donation."

The generosity of each of you is consistently overwhelming. We are grateful and honored to do this work. Thank you for making it possible.

We hope to see you face to face at our tournament in 2021!

Christina Cummings
Executive Director
