

These classes are for our younger kiddos and a caregiver. Classes will be taught by Marissa Sweeny of the IUP Art Department and Art Education Program.

Basic Details:

- **Cost** | \$10 per class per student.
- **Time** | 10am to 11:30am.
- **When** | 3rd Saturday of Each Month, but we'll be taking August off.
- **June and July** will be for infants & toddlers and a caregiver.
- **In September**, monthly classes will be geared toward older students and will be taught by IUP Art Education Students.

June 16th | SQUAD Jr. 3D Exploration Ages 1.5-2.5 Years with a Caregiver.

We will experiment with various 3D media including modeling dough, sparkle dough, clay, and loose parts. Children will create a series of clay nesting bowls that can be used in a variety of ways. Caregivers will leave the experience with recipes for modeling dough, sparkle dough, and slime, and with resource ideas to initiate materials explorations at home with their children.

July 21st | SQUAD Jr. New Media Maker Exploration Ages 2-4 Years with a Caregiver.

We will experiment with photographic and new media processes including cyanotype printing, digital photography using iPads, drawing bots, and other STEAM media from our ArtBOT. Caregivers will leave with resources to incorporate STEAM explorations into their art-making routines.
