

**Are you a caregiver
to a loved one over
the age of 60?**

**Are you raising your
grandchildren due to
the inability of the
parent to care for them?**

There may be funds available to assist you
with the expenses that you have in caring
for these loved ones.

The Caregiver Support Program may be able to
assist you, and it may help to take away some of
the stresses of being a caregiver.

**For more information on the Caregiver Support
Program, contact Aging Services, Inc. at
