Families who are enrolling their children for the first time in TK-8th Grade will be assessed a one-time facility fee of \$1,800 per family. There is a prorated fee for Middle School grades. This fee is used for ongoing maintenance of the building and grounds and is due during the first year at MCS. Arrangements may be made to pay the fee in installments.

2018-2019 ANNUAL Tuition

Transitional Kindergarten:	\$8,400
Kindergarten-5th Grades:	\$10,170
6th-8th Grades:	\$11,040

Tuition Payment: All tuition payments are made through FACTS Management. Tuition may be paid in:

- One (1) payment during the month of July,
- Two (2) equal payments one in July and one in December or,
- Eleven (11) equal payments automatically withdrawn on the 5th or 20th day of each month beginning in July and continuing through June with no tuition payment in January.

Tuition Refund Policy:

MCS wants to emphasize that MCS operating expenses do not diminish upon the departure of a student during the course of the school year. MCS also trusts that with the \$500 re-enrollment fee, parents are making a firm commitment for the entire school year. MCS makes yearlong commitments to staff and other contracts based, in large part, on re-enrollment numbers. In the event of a withdrawal, MCS requires full tuition through the student's final enrollment day at MCS (calculated on a daily basis). Then, to partially compensate for the loss of tuition, MCS also requires a payment of 10% of the annual tuition. To avoid the 10% penalty, written notice of withdrawal needs to be received by MCS by May 1, 2018 (prior to staff contract renewals).

Incidental Fees:

Incidental Fees will be collected through FACTS Management. This includes: Student Activity Fee, Athletics, Performing Arts, Family Fee, Tech Fee, and other fees.
