We work hard. We play hard. We play to win. We value the unparalleled experience of being part of a competitive team with a common goal. With Over 85% of Pacifica Students participating in 15 different sports, Pacifica's Athletic Department strives to develop men and women of strong moral character. We believe in creating an environment in which each student-athlete will be challenged to develop his or her mental and moral faculties, alongside his or her physical skills. Don't Miss our Opening Presentation at 6pm in the Triton Event Center, followed by a special opportunity to meet our extraordinary coaches and athletics department staff.
