A Conversation about Trafficking in our Community

January 29, 2020 | 6:30—8:00 PM

St. Dominic Catholic Parish—Marcy Center

18255 W. Capitol Drive. | Brookfield

**The Greater Milwaukee area has been tagged repeatedly by the FBI as
among the top cities for human trafficking in the nation.**

Yet, we still tend to believe it doesn't happen here.

This state of denial leaves our children and families open to victimization.

Learn how youth and adults are being coerced into trafficking, why they can't see their way out, how social media plays a big role in the luring, grooming and grand scheme of trafficking, and how we can keep our families safe.

Bring your questions. There will be a question and answer period following the presentations.
