The Kids' Choice Reading Challenge for students in grades 4-6 is a 20-year collaboration between the Bridges Library System and the schools in our communities. This challenge is unique because the booklist consists of 15 titles recommended by students for their peers ([find the list here](#)). As students read books on the list, they earn the privilege of voting for their favorites when the challenge wraps up in February. This year, there will be added fun as we celebrate this anniversary, so start reading and stay tuned!

We are still offering the **1000 Books Before Kindergarten Program**, but the app will sunset at the end of 2021 and will no longer be available for tracking your reading. However, the program is moving to Beanstack so library users can login to the 1000 Books challenge there to track their books instead beginning October 4! A paper version is also available. If you have preschool children and you want to develop intentional read-aloud time with them, ask us about the 1000 Books program.
