

## CONGRATULATIONS SEWING GRADS!

In 2011, Pam (Penny) Miller, a Registered Nurse from New Jersey, came to Hope Alive Clinic in Haiti to share her nursing skills. When she came back to help at the medical clinic in 2012, she brought fabric, needles, and thread to teach the women how to sew. In 2013, Penny founded Penny's Sewing Academy at Hope Alive!

The Academy welcomes students, free of charge, to learn sewing. Sewing as a skill helps these graduates earn money to feed their family, send their children to school, afford shelter, etc. The Academy provides sewing instruction, math skills & money management lessons. The students also share their skills at the local orphanages where the students do volunteer mending. And, each student

receives a sewing machine of their own at graduation. Penny's Sewing Academy and

Hope Alive! Clinic celebrate a dozen talented Graduates this year. Their dedication, creativity and pride shines in their success!

## SUPPLIES NEEDED

- **Baby Formula** (ongoing)
- **Disposable Diapers - Small & Medium** (ongoing for Solace)
- **Hand sanitizer** (ongoing)
- **Antibiotic Soap** (ongoing)
- **Ink cartridges** (special request)

## PLAN TO ADD LAB SERVICES

*Your generous donations made this happen!*

We are excited as we hope to add two more services in the lab in Mariani. We plan to add the Pap Smear Test and the Sonogram! Many thanks to our supporters for their willingness to give in the Lord's ministry as an investment!

## DONATE

# Fall 2025

## Sponsorship and Ministry Needs

- 1) Prayers, especially for God to prevail in Haiti
- 2) Solace Child Sponsorship
- 3) Donations to buy in Haiti: food, water, medicine, fuel, Solace supplies, to pay salaries in Haiti, to fund remote Tricon Clinic

Many armed civilians come to get medical service at the Clinic, or their relatives, every day. We take precautions. Never make an irrational man mad - these gangs make the law right now. The situation here is more complicated than what many imagine. The gangs let some people live because they want to collect money from us. There's no one to protect us from them, and that is why we are so prudent. They judge people, condemn, and execute. It's a very sad reality. More and more space is operating under the control of gangs. Recently, people had to flee from their houses because of the violence that has reached their area in Lascahobas. It's darker and darker. We fully rely on God.

May peace be upon Haiti, in Jesus' name. Amen!!

## UPDATE from RENAUD

Head Administrator  
Hope Alive!  
Clinic Ministries

### A WORD OF HOPE

"God is our refuge and strength, an ever-present help in trouble."  
*Psalm 46:1*

Even amid the severe, multidimensional crisis marked by unrelenting gang violence, political instability, and a dire humanitarian emergency in Haiti, God is present. Psalm 46:1 reassures believers that in the face of overwhelming chaos they can find unwavering security and aid in God, who provides a secure stronghold and boundless strength as He provides both a protective fortress from life's external dangers and an internal source of power to endure them. The staff and families of Hope Alive! Clinic believe that God has a plan and that darkness cannot reign forever. They are grateful to the Lord for this lifesaving and life-changing ministry. They are grateful for the years of experience to serve those in need, for the years of blessing as they see the fruit of their work come into lives, and they are grateful for the years of God's provision and protection.

You play a hugely vital role in this. Every prayer and every contribution made is a necessary part of all Hope Alive! ministry's efforts. All forms of support - both spiritual (*your prayers*) and material (*your contributions*) - work toward God's greater purpose here. The Lord's divine guidance and our spiritual strength helps to give Hope Alive! Clinic servants the ability to stay strong in the face of fear and darkness while they continue to minister to *everyone* and continue to seek practical resources for further ministry efforts.

Your prayers & your contributions are an important blessing to the Haitian people & you really do make a difference! Spread the word!

### SHARE THE STORIES

Help us spread the word of all that Hope Alive! is doing to empower the people of Haiti by giving nutrition, health and dental care, sick baby and abandoned child care and, most importantly, by sharing the Love of Jesus to all who enter the campus' of Hope Alive! Haiti!

Spread the word by following us on social media outlets, and sharing our stories with your friends.

## A PICTURE IS WORTH A THOUSAND WORDS!!

SOLACE & KAY LANMOU

HOPE ALIVE! Clinic is a non-profit organization in Haiti treating the minds, bodies and souls of all ages with all types of diseases and medical emergencies continuously since 1998.

- Medical Clinic
  - Dental Clinic
  - Mom-Tot for Malnourished Out-Patient Babies
  - Solace Hospital for Malnourished In-Patient Babies
- Our goal is to eradicate malnutrition. Until then.... we are kept very busy! There is a baby who needs your help. Would you like to sponsor him or her?*
- Kay Lanmou for Solace Abandoned Babies
  - Pavilion for Christian Evangelism and Crusades
  - Trade School
