Spring 2025

Hope Alive Haiti clinics continue to minister during political unrest in Haiti. God's people cry out to Him for safety and provision for the Haitian people. The ministries of Hope Alive continue to serve through medical help, nutrition, prayer and comfort to all who come.

Exciting News!!!

The airport in the coastal city of Les Cayes will be opening to international air traffic! This is very close to our rural clinic in Tricon. God willing we will once again be able to visit our clinics in the near future. Keep praying that the unrest in Haiti will come to an end.

New Batteries for the Clinic!

This will enable the clinic to be able to turn on the A/C for small periods of time to cool the clinic off during the heat of the day. The old batteries were worn out and started to catch on fire. Francois saved the day and unplugged the batteries before they exploded! Thank you Francois. Your generous donations made this happen!!

UPDATE FROM RENAUD

"The road to the south is still blocked. Port-au-Prince is more dangerous than ever. More people are leaving their houses, but most of them can't get back to the countryside where they grew up, because the roads are blocked and unsafe. Armed guys are getting more and more territory. People leave their homes with just what they can take. Many new soldiers came, but still no hope yet. In our prayers we cry for peace and ask God for justice. Where is our salvation coming from? We don't have any more tears, because we have cried for too long. God sees; He knows. He is able to deliver us. We rely on Him. God, please do something. We are all losing our strength! May peace be upon Haiti in Jesus' Name. Amen!" -

The children and staff at Solace and Kay Lanmou are still able to receive the medicine and supplies they need to make everyday operations possible. The food and medications have gone up in price due to the difficulty in getting them. Please consider donating toward the cost of these necessities. A Word of Hope

Matthew 19:14 (NLT) But Jesus said, "Let the children come to me. Don't stop them! For the Kingdom of Heaven belongs to those who are like these children." [15] And he placed his hands on their heads and blessed them before he left.

Here at Hope Alive! we believe that we are called to bring Hope and place Hope in the lives of adults and children who feel hopeless! Jesus said, "Let the children come!" Let them come where? Let them come to me, Jesus said. When children and adults come to Hope Alive! they are encountering the hands and feet of Christ. In Matthew 25:40 it says, "When you did it to one of the least of these my brothers and sisters,[a] you were doing it to me!'

We need to see beyond every obstacle and clear a path for them to meet Jesus and leave with His blessing. It's not an insignificant thing. Its very significant! It's the power of a touch! Jesus knew that it was important to place His hands on their heads and bless them.

In Haiti, there are many curses spoken over or placed on our people. But when we place a blessing, we are also removing a curse. No matter how bad or difficult things seem, we want them to experience God's blessing.
