A MESSAGE FROM RENAUD

*I will lift up my eyes to the mountains—
from where does my help come? ~ Psalm 121:1*

It is always good to share updates with you about Hope Alive Medical Clinics, Smiles Alive Dental Clinic, Solace Nutrition Hospital, and Penny's Sewing School.

The suburb where the Clinic of Mariani is located is good so far. We had a few children develop a fever and cough (an epidemic because many people come to the Clinic for the same problem). All are improving as they received medicine and treatments by the

doctor. The hot season has started and that causes problems for many people. However, the children are able to go to school and get back safely, praise God! The employees go back and forth safely too, even though the roads remain controlled by so many gangs and they want money for passage on all the roads.

The Clinic of Tricon continues to see people as come for the doctor's help. With the new season, there will be many kinds of epidemics and we are sure that the Clinic will be very important for the population again and with your continuing financial support and God's grace, we will provide the medical care they need.

The medical & dental clinics and sewing school still operate, and we praise God for always being there for us. We are still waiting for a miracle, then we remember that each minute we live in Haiti and continue doing the work of the Lord at Hope Alive IS a miracle! *By faith, we know God will prevail.*

We won't stop praying, always remembering Psalm 121:1 telling us to look for the Lord when there is no hope. Thank you for praying and investing in God's work for it always brings great rewards. May God bless you mightily.

Sponsorship and Ministry Needs

- **Prayers** – especially for God to prevail in Haiti
- **Solace Child sponsorship**
- **Donations to buy in Haiti:** food, water, medicine, fuel, Solace supplies, to pay salaries in Haiti, to fund remote Tricon Clinic

The children of Solace and Kay Lanmou are fine. We have 5 children that will participate in a Graduation Ceremony at their school, The school is going to use them for a presentation, so we will make special clothes for them.

MIDDLE EAST WAR EFFECTS ON SUPPLY CHAIN

Because of the war in the middle east, we begin to face shortages of all kinds. We want to be prepared and would like to store some fuel, some food, medicine, etc. In addition, we need to make the laundry space available before the rainy season.

Here is the list of things that we need:

- Iron\$3,429
- Wood\$2,500
- Metal sheets ..\$1,280
- Wire\$170
- Sand\$500
- Gravel.....\$500
- Cement\$1,800
- Blocks.....\$550
- Labor\$1500

(Total: 12,229 ht or \$470 us)

UPDATE on HAITI

Haiti entered 2026 facing one of the most complex crises in recent history. Armed gangs control large territories and violence has spread well beyond the capital. Gang control of urban areas and most transportation routes, along with increased gang activity in rural areas, are disrupting livelihoods and humanitarian access nationwide. Armed violence has intensified and remains the dominant force shaping most daily life. Humanitarian conditions continue to deteriorate as funding shortfalls and the Middle East war has begun limiting the reach of offered assistance.

- Food insecurity affects 5.7 million people, with nearly two million at emergency levels.
- Displacement has doubled to 1.4 million people in one year.
- Many health facilities are barely functioning and cholera has remained a major health concern.

Almost every day, we hear big explosions. We don't know if it is drones or something else. Police continue to arrest people involved in kidnapping; unfortunately this does not dissuade others to stop. Economically, people's power of purchase has diminished and many roads remain blocked and under gang control. We believe the Lord sees, hears, and will rescue His children. *We are longing for peace.* Thank you for your prayers. We remain patient in FAITH that we will see the glory of the Lord. Your prayers and financial support have sustained us, and we are very thankful. Thank you! May our Lord richly bless you!
