

December 19, 2019

Dear Grace Church Parishioners,

Another year has come and gone and once again I am awed by your generous thoughts for our neighbors! Thank you for reaching into your hearts to help others, especially during the Holiday Season. It is always so heartwarming to experience your faithful stewardship throughout the year. The big-heartedness you all have for our Program Participants is truly amazing, and on behalf of all of us here at Lifting Up Westchester I wanted to send you our deepest thanks for everything you have done to make the 2019 Holiday Season so enjoyable.

Your donation has allowed LUW to supply **77 Families** with an amazing gift, exceeding last year's donation, which helped 72 Families. The gift goes beyond the donation itself, it's what the donation provides, the dignity for each family to carry on their own tradition, making their family ties more resilient. We are so thrilled to receive your continued support!

In addition to our Goal of 299 Holiday Grocery Bags in December alone, many more Guests will join us in Grace's Dining Hall and we're very excited about the impact we continue to have on our Community. Last year, as I visited with our Guests at their tables, they were so appreciative and were so touched by all that our Donors do to make the Holiday Feast possible. I know it will be the same again this year, as our numbers of neighbors in need, continues to grow.

Thank you so much for making Lifting Up Westchester's Clients and Guests feel your kind-heartedness by your donation. We all truly have much to be thankful for. Lifting Up Westchester is a 501 (c) 3 non-profit agency and no goods or services were received in exchange for this donation

Best Regards,
