

# Secrets of College Admission

A free seminar for students and parents hosted by the Juanita High School PTSA with Katie Konrad Moore from Collegewise

**Wednesday, October 12<sup>th</sup>**

**7:00 – 8:30 p.m.**

**Following the 7:00 p.m. PTSA meeting in the JHS Library**

This seminar will help families separate college admissions *fact* from *fiction* and enjoy the college process a little more. SAT or ACT? We'll discuss grades, test scores, extra-curricular activities, and everything else colleges evaluate. Attendees will get straight answers about what college admissions committees really look for and how they ultimately decide who gets in. And we think kids and parents will be pleasantly surprised to learn that kids don't have to be trilingual, opera-singing rocket scientists to get into college today.
