

From the Halls of St. Paul's

October 8, 2021

What a Week!

This was a really exciting week for both St. Paul School and St. Paul Church. Congratulations to Fr. Tom who celebrated his 40 years as a priest last week-end at Resurrection Church. The September Virtue Awards were handed out on Wednesday at morning prayer--the winners were listed last week.

On Thursday we celebrated an all school liturgy in honor of Mother Mary and the Holy Rosary. Grade 5 was in charge, and not only did they do the readings for Mass, but they also did a beautiful interpretation of the Joyful Mysteries of the Rosary.

Today, Natalia and Lucas Khayat share center stage as principals of the day. More on this next week.

Now for Something New

Attention! Honu, the 6th grade science lab turtle, has returned from the Mountain of Turtledom to share her wisdom with all of St. Paul's. Every other week, the Student Council newspaper will publish Honu's take on three or four famous sayings and quotes with a uniquely Honu spin on it. So please, feel free to enjoy these once-every-other-week sayings penned exclusively by Honu!

By Octavia Atkins and Leah Boucher.
Drawings and photography by Lizzie McKinnell.

Honu's Wisdom:

1. "Fear all that is not red." *
2. "The red will always provide." *
3. "Life is never fair...and that is why I do not get to eat every day."
4. "You have treats? Good. That means we can fight over who gets to eat them."
5. "I prefer picking blueberries to picking sides." *

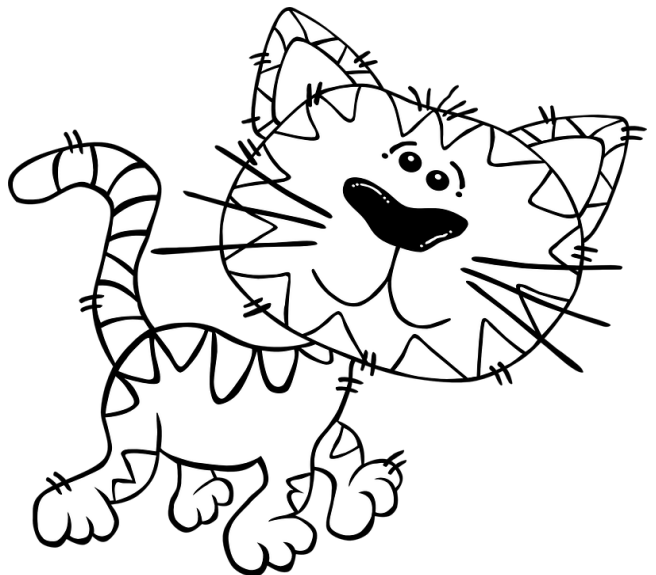

Real quotes:

"Life is never fair... and perhaps it is a good thing for most of us that it is not." -Oscar Wilde

"You have enemies? Good. That means you've fought for something, sometime in your life."
-Winston Churchill

"There'll always be a rainbow hanging over your head." -Kacey Musgraves

Fall Leaf Craft

We love getting creative with leaves! There are many art and craft ideas you can make with dried leaves. You can use them as stencils, draw details to make them into hedgehogs or paint them to completely transform them.

One of our favorite, super simple projects is these **leaf hedgehogs**. Cute aren't they?
