Every year on Memorial Day and Veteran's Day the Eagle Chapter presents a Wreath SF Association, Eagle Chapter.

Usually, one of the Eagle Chapter officers do this but we wanted to propose to you that an outstanding **436th** Security Forces woman (or women) participate in this event.

The representative(s) goes to the Military Women's Memorial (usually early as parking is problematic) and makes contact with Marilla J. Cushman, LTC, USA Ret. Senior Advisor to the President Military Women's Memorial, or her representative. She provides information on where our wreath is located and introduces our representative to other military folks that are in the lounge room in the back of the location where the ceremony is conducted.

The representative(s) gets the opportunity to speak to the various women and women's groups at the event about the mission of the Air Force Security Forces Association (AFSFA) and the Eagle Chapter take photos with many of the attendees.

The representative(s) has a specific chair and, when the ceremony is getting ready to begin, they go there and sit for the ceremony until the Eagle Chapter Wreath is called out. The representative then goes to the front of the stage and stands on either side of the wreath while information is read.

After the ceremony, the final solemn task that the representative(s) performs at the Women's Memorial on Memorial Day is the recognition of female Fallen Defenders who die while serving. The representative(s) steps up to the platform and speaks aloud for all to hear the names (list is provided by Mr. Chambers before the ceremony) of those Security Forces women.

After speaking the grade and name of the Fallen Defender, the representative(s) then places rose petals in the memorial fountain in observance of their sacrifice while serving our nation and in honor of our sisters in arms.

The Air Force Security Forces Association Eagle Chapter has supported the Military Women's Memorial for numerous years. They provide a wreath annually at both the WIMSA Memorial Day event and the WIMSA Veterans Day event. This gets the voice of those Air Force Security Forces women who lost their lives noted by all military and civilian attendees.

The Military Women's Memorial is the leading memorial and education center honoring the commitment, contributions, and experiences of all Servicewomen and preserving their stories. The WIMSA Register is a one-of-a-kind interactive database that records and preserves the names, service information, photographs, and memorable experiences of each registered servicewoman. The Register records and preserves the history of both past and present powerful women who have defended this country for future generations.
